Table Highlights

- *The MK2 Door Coordinator can be fitted to door weights up to 120kg.
- *Check the width and thickness of your door and select the correct Arm Length and Rebate Catch.
- *If the door has a rebate over 25mm or an astragal fitted you will need an extended rebate catch.

Please be aware that the specifications above should be treated as a guide.
Depending on other door hardware and door variations, specification may differ.
